Are your patients looking for health information?  
If so, try the following sites.

**Men’s Health Peer Education Magazine**

The MHPE Magazine is published twice a year. Each issue covers a topical health theme with articles contributed by health professionals, Department of Veteran Affairs staff and MHPE volunteers.

http://www.nlm.nih.gov/medlineplus/

MedlinePlus brings you information about diseases, conditions, and wellness issues in language you can understand. MedlinePlus offers reliable, up-to-date health information, anytime, anywhere for free.

The Better Health Channel (BHC) provides health and medical information that is quality assured, reliable, up to date, easy to understand, regularly reviewed and locally relevant.

This site provides information including: staying healthy; treatments & health checks; mental health & wellbeing; children’s health, parenting & pregnancy; Aboriginal & Torres Strait Islanders health and care and support.

http://www.labtestsonline.org.au/

The Lab Tests Online site is a "peer-reviewed, non-commercial, patient-centred" resource where patients and their relatives and caregivers can learn about the tests used to screen for, diagnose, and manage disease.

NAATI is a national organisation with offices across Australia. If you are contacting NAATI for the first time please use info@naati.com.au or on 1300 557 470.

NAATI offer translating and interpreting services - website: https://www.naati.com.au/
